ing and Others in Danger.

MOUNTAIN OF SAWDUST BURNS

Only About Half a Dozen Houses Left Standing in Au Sable and Oscoda and Alpena Citizens Fighting Desperately to Save That Place—Metz, Millersburg and Tower Also Reported on Fire and Lewiston and Alger Threatened by Flames.

Detroit, July 12.—With hardly more than half a dozen houses left standing in the village of Au Sable and Oscoda, with the city of Alpena fighting a disastrous fire all day and with forest fires raging along the line of the Detroit and Mackinac railroad from Au Sable to Cheboygan, and at other points in the northern part of the Lower Peninsula, heavy rain is needed to prevent a possible heavy loss of life such as attended the destruction of the village of Metz, Oct. 16, 1908, and the burning of nearly a score of persons seeking safety on a relief train.

The fires at Alpena and Oscoda were not due to forest fires, but originated in slab yards that were dry as tinder from the long drought. At Cheboygan a mountain of sawdust caught fire and the flames threatened to spread through the city.

The smaller towns of Metz, Millersburg and Tower, along the Detroit and Mackinac railroad, were reported to be burning. Lewiston, in Montmorency county, and Alger and Turner, in Arenac county, were said to be seriously threatened by forest fires.

Wire service from Au Sable north to Cheboygan was interrupted, but news of the fires at Alpena, Oscoda and Au Sable was forwarded by train to East Tawas, where wires were available for transmission.

C. A. Lytle, manager for the Western Union Telegraph company at Alpena, who got out of Alpena on a train and arrived at East Tawas, said that the train passed through no fires until they were approaching Au Sable.

Au Sable Mass of Flames.

"That city was a mass of flames," he said. "I don't believe there are half a dozen houses left standing."

"Many refugees were taken from Au Sable on the steamer Kongo, that was in port loading freight. Others floated to the shore of Lake Huron and were driven into the water by the intense heat. Many found refuge in the fields along the railroad right of way, standing guard over little piles of personal effects that they were able to snatch from their homes as they fled at the approach of the flames."

"Women and children were crying from terror and hunger, as they viewed the burning village in the distance. A relief train was hurriedly made up to carry the homeless women and children to East Tawas."

There are rumors that some lives were lost in the fire at Oscoda and Au Sable, but it was impossible to obtain any confirmation.

It is estimated that the wind in the fire swept region reached a velocity of sixty-five miles an hour and reports indicate that the force of the wind had decreased but little. Many of the smaller lumber woods settlements are nestled in the heart of the forest with fallen timber and dangerous clumps of brushwood encroaching upon the edges of the settlements.

The danger of these settlements is great, but still more perilous is the situation of families living in isolated huts far back in the timber.

SULLIVAN HEADS THE ELKS

New Orleans Man Chosen Grand Exalted Ruler.

Atlantic City, N. J., July 12.—Terminating the closest campaign in the history of the order the Grand Lodge of Elks elected John Patrick Sullivan of New Orleans grand exalted ruler, but the remarkable race made by Charles Rasbury of Dallas, Tex., for the office, made the result long in doubt.

Sullivan received 814 of the 1,632 votes cast, Rasbury 549 and Arthur Moreland of New York, editor of the Elks' Antler, 233. Willard Ticknor of Buffalo received eight votes.

TWELVE KILLED IN WRECK

Passenger Train Plunges Down Twenty-Foot Embankment.

Bridgeport, Conn., July 12.—The express, one of the New Haven railroad's fastest trains, carrying passengers from Washington to Boston without change, plunged down a twenty-foot embankment here while running sixty miles an hour. Of 100 passengers who went down with the first six cars scarcely one escaped death or injury. Twelve bodies were taken out of the twisted wreckage, including the engineer and fireman, who were so mutilated that it is evident they must have met instant death. Forty-four injured are in the hospitals and nearly a score more received injuries not severe enough to prevent them from continuing their journey.

Texas.

In miles Texas is bigger than half of the territory east of the Mississippi river.

CLARENCE B. MILLER.

Duluth Congressman's Wife
Intends Suing for Divorce.

WIFE WILL SEEK DIVORCE

Congressman Miller of Duluth in Domestic Difficulties.

St. Paul, July 12.—Mrs. C. B. Miller of Duluth, wife of the congressman from the Eighth Minnesota district, is in St. Paul consulting an attorney with a view to starting proceedings for a divorce.

Mrs. Miller has been contemplating the move for some time, but has taken no steps until she came to St. Paul and engaged the attorney. That she has gone this far she admitted, but wanted it clearly understood that no legal steps have been taken thus far and that no action will be taken until the fall term of the district court opens.

When questioned regarding the reason for the possible divorce Mrs. Miller would not reply further than to say: "It would be shameful to publish such a thing at this time and it would be highly detrimental to Mr. Miller's political career."

ENGLISH ATHLETES
WIN CLOSE CONTESTOxford and Cambridge Defeat
Harvard and Yale.

London, July 12.—Queen's club was the scene of the most exciting contest in its long history when Oxford and Cambridge defeated Harvard and Yale in the fifth meeting of the oldest universities of the two nations. The climax was dramatic in the extreme. Each nation had won two meetings and each had to its credit four of the day's events. Victory depended upon the last event, the one-mile run.

Until the final event there was no demonstration of any kind—only moderate applause for the winners. But when six young athletes told the mark for the crucial test silence fell over the scene, followed by a wild demonstration when Baker of King's college, Cambridge, running a clever race, sprinted in a winner by five yards from Moore of Oxford, who was second, with Lawless of Harvard third. The time was 4:27.3.5. Baker, who will be forever illustrious in the annals of the light blues, was carried off the field on the shoulders of his comrades, while the band played "God Save the King."

The two teams were remarkably evenly matched. The Americans practically had walkovers in the jumps and hurdles. The hammer throw was conceded to the Oxford Rhodes scholar, Putnam of Kansas, but the Americans counted upon a fair proportion of the runs.

GATES' CONDITION CRITICAL

His Physician, However, Says Financial Still Has Chance.

Paris, July 12.—John W. Gates, the American financier, passed through a critical stage of his illness.

Alarming symptoms developed, but the attending physician, Dr. Gros, said that Mr. Gates' condition had slightly improved. He thought that this was due to the presence of Charles G. Gates, who had reached his father's bedside, having been hastily summoned from New York.

The crisis of the disease, Dr. Gros says, will develop within the next forty-eight hours and he still considers that there is a chance of pulling the patient through.

MACHINISTS ARE PACIFIED

Canadian Northern Grants Fifty-Hour Week and Wage Increase.

Winnipeg, July 12.—The Canadian Northern railroad, according to officials of the road, has settled its differences with the machinists employed on its line by allowing the men the fifty-hour week demanded and increasing the pay per hour from 42½ cents to 45 cents. Twelve hundred men employed by the road between Port Arthur and the Rocky mountains are affected.

Had Enough Chin.
Barber—Shall I go over the chin again, sir? Victim—No. You didn't say anything very interesting.—Life.

NOTHING TO PASS
BUT TARIFF BILL

Senate Will Not Let Other Measures Be Taken Up.

SERVICE PENSION BILL LOST.

Even if Dollar a Day Law Should Pass the House It Would Get No Further. Though Republicans Are Finding Fault With the Democrats. They Are Merely Following Precedent.

By ARTHUR W. DUNN.

Washington, July 12.—[Special.]—There is a disposition on the part of Republicans to criticize the program of the Democrats which has restricted legislation to the tariff and a few other matters. But they cannot go very far before they are reminded that in the revision of the tariff in 1897 and again in 1909 the Republicans refused to consider any other legislation.

Even so, there is complaint made because the Democrats will not allow the dollar a day pension bill to be considered at this session. But if such a bill should pass the house it could not pass the senate. Several senators have served notice that they do not intend to allow a vote on the service pension bill or the other bill at this time. They stopped the bills in the last congress and will do so again.

The situation in the senate at present is such that there is little possibility of passing any legislation other than tariff bills.

Cuba Not Attractive.

Cuba is not attracting citizens of the United States, save the few who are investing their money in lands and other interests. The immigration statistics for last year show that of a total of 37,794 immigrants to the island there were none from this country. Spain sent 28,380, showing that Cuba is certainly Spanish, even if free of Spanish control. The remainder of the immigration was from the islands of the West Indies to a great extent.

May Be Disappointed.

If the view of several deep thinkers obtain it is possible that a great many people are going to be disappointed because the high cost of living will not be greatly reduced by tariff changes. Congressman Lindbergh of Minnesota, a very deep student of economics, says "the tariff forms one of the least incentives in the high cost of living."

Although he votes for a reduction of duties when opportunity offers, Lindbergh believes that the capitalization of corporations, watering of stocks, the creating of vast fortunes by artificial means and high finance, the issuing of millions of bonds and stocks upon which interest and dividends must be paid are mainly responsible for the high cost of living. If his theory is correct the prospect for a reduction of the high prices is very doubtful.

A "Horseback Opinion."

Discussing a legal question in the house, Congressman Pickett of Iowa said that he would not care to give a "horseback opinion" on the subject, but suggested certain legal possibilities. The "horseback opinion" is a cousin of the "horse shed talk." "The horse shed talk" comes from the farmers under the horse shed talking horse trades.

The "horseback opinion" goes back to the days when the lawyers went on the circuit on horseback with their books in saddlebags. They might meet another lawyer or a client on the road and would talk over legal questions and express opinions. Such opinions were not to be taken for final judgment of the lawyers, because they could not get at their books, but were simply "horseback opinions," subject to review and reversal at a later period and when the books were examined.

"All or None" Buttons.

The campaign buttons which the farmers will wear next year in the northwestern states, according to one of the observers of political conditions, will bear the words "All or none," meaning that all must be protected or none shall be. He says they will vote that way and the next congress will be a real tariff raiding body if those people have their way.

A Tip From France.

The French government has decided to take a firm stand against "pistol toting" and has restricted the sale of firearms, according to a consul's report. Congress is urged to take similar measures in the hope that states will follow the example and limit the sale of arms and the consequent killings that so often occur.

"Dollar Diplomacy."

When P. C. Knox became secretary of state he found that nearly every policy that our foreign office could follow had been pre-empted by his predecessors. So he determined to use the state department to promote trade. His policy was called "dollar diplomacy" and as such was much derided.

But it now seems that the foreign trade has largely increased, and the state department is pointing with pride to its new departure and cares not by what name it is called. The exports have far exceeded the imports, which maintains a balance of trade to even up with the money that the Americans spend at coronations and in other European pleasures.

Not In His Line.

Clerk—There's a man to see you with two wooden legs. Busy Manager—Tell him we don't want any.

WASHINGTON B. THOMAS.

Sugar Trust Official to
Testify in Present Case.

WILL SHIFT TO NEW YORK

Investigation of American Sugar Refining Company.

Washington July 12.—The congressional investigation of the American Sugar Refining company will be transferred from Washington to New York next week. The house committee of inquiry will sit in New York beginning next Tuesday.

Among the witnesses already subpoenaed are John Arbuckle, head of Arbuckle Bros., a competitor of the trust; John E. Parsons, former counsel of the American Sugar Refining company, and Washington B. Thomas, vice president of the American Sugar Refining company.

DECIDES IN FAVOR
OF UNITED STATES

King George Arbitrates Controversy With Chile.

London, July 12.—The Times announced that King George has given the award in the Alsop claim to the United States. The award concedes £187,000 (\$935,000) to the American claimants.

Early in August last the American ambassador and the Chilean minister at London presented to the British foreign office their respective cases on the Alsop claim, which has been submitted to King George as arbitrator. The claim is based upon large sums of money advanced to the Bolivian government in 1874, Chile agreeing to assume the obligations of Bolivia to the company when Arica passed to Chile. The claim amounted to \$1,500,000.

The United States and Chile agreed to submit the case to the late King Edward and after his death to his successor, King George. Chile deposited the amount claimed in London to be paid over in case the award was in favor of the American claimants.

RELIEF IN THE SOUTHWEST

Thunder Showers Break Spell of Hot Weather.

Kansas City, July 12.—After a day of extreme heat, in places reaching 102 degrees, Kansas, Oklahoma and Missouri were relieved by thunder showers. In Topeka the thermometer went to 102 degrees, but dropped 20 degrees when the storm came.

In Oklahoma light rains have been falling for several days, but the temperature went to 101 at Muskogee. Indications are for rain over the two states.

In Kansas City the highest temperature was 102. Several heat prostrations were reported.

CHINESE STUDENTS COMING

Sixty-five to Be Educated in America Out of Boxer Indemnity Fund.

Washington July 12.—Sixty-five Chinese students will leave their native land Aug. 7 for the United States to enter American colleges. Their expenses will be paid from the Boxer indemnity returned to China by the United States. This is in line with China's policy of educating a number of her subjects each year in America from the proceeds of that sum.

LOST KEY WORRIES SOLONS

Members of House Probe Committees Are Suspicious.

Washington, July 12.—The master key to all the door locks in the house office building has been lost or stolen. Officials are much disturbed, guards have been doubled and orders for extra vigilance have been given.

Some of the chairmen and members of the special investigating committees which meet there regard the affair as significant, but claim to have no definite suspicions. The person in possession of the master key could rummage every office in the building unless caught by the guards.

CANADIAN BILL
CLOSE TO VOTE

RAILROAD BUILDER IS DEAD

Peter A. Dey Helped Construct Many Important Lines.

Iowa City, Ia., July 12.—Peter A. Dey, pioneer railway builder and financier, died at his home here after an illness of a few days. The illness preceding his death was practically his first.

The early history of Iowa is closely linked with the life story of Mr. Dey. He was chief engineer in charge of the construction of the Chicago, Rock Island and Pacific and later was in charge of the construction of the Union Pacific from Omaha to Cheyenne. He was railroad commissioner from 1878 to 1895 and for several years was president of the State Historical society.

FOUR INDICTED FOR MURDER

Labor War Grand Jury Acts Against Union Officials.

Chicago, July 12.—Maurice Enright, confessed slayer of William Gentleman, an alleged labor "sluggar," and three other officials of the United Association of Plumbers were charged with the murder of Vincent Altman in indictments returned by the grand jury investigating the labor war.

Simon O'Donnell, president of the building trades council and business agent of the Plumbers' union; Thomas Kearney and James Garvin, both business agents of the Plumbers' union, were indicted with Enright. Altman was shot in a hotel barroom March 22.

100-Story Building Planned.

Cleveland, July 12.—Addressing the convention of the National Association of Building Owners and Managers here George T. Mortimer of New York said that plans for a 100-story building, 1,200 feet high, have been drawn and that such a structure is a probability in the near future in New York.

Senator Bailey Takes Floor to
Prolong the Contest.

LA FOLLETTE NOT YET READY

Texas Submits an Amendment to Attach Farmers' Free List Bill to Agreement and Then Addresses Senate to Keep Measure From Coming to a Vote—Says He Will Hold Floor Until Wisconsin Man Is Ready to Speak.

Washington, July 12.—Only the interposition of a three-hour speech by Senator Bailey of Texas and the submission of one of his amendments to the Canadian reciprocity bill prevented that measure from coming to a final passage in the senate. The opponents of the bill were caught napping by the senate leaders, with no one ready to speak against the measure and no amendments ready to be offered.

Senator Bailey, the chief Democratic opponent of the bill, was finally forced to take the floor and offer his amendment to attach the farmers' free list bill, recently passed by the house, to the reciprocity measure. His amendment, which was not voted on, omitted the agricultural provisions of the free list bill.

"I have been holding the floor," Mr. Bailey finally admitted, "because I promised the senator from Wisconsin (Mr. La Follette) that I would not let the bill come to a vote until he can get ready to speak."

Chairman Penrose and other leaders, who are pushing the reciprocity bill through, held the senate in session until 7:15 p. m.

From now on the senate will be in session until 6 o'clock or later and all efforts for delay will be frowned upon. This is expected to force the opponents of the measure to hasten their speeches and the presentation of their amendments.

Senator Penrose predicted that a vote on the passage of the bill would be reached next week. He is not insistent upon fixing in advance a time for the final vote, which will be taken when the debate is exhausted.

Senator La Follette's long speech is expected any time. He will ask for a day after introducing his amendments, which he expects will be Thursday. Meantime his friends will try to prevent a vote until he can be heard.

SENATE TO GET ALL FACTS

Administration Will Furnish Information It Has About Controller Bay.

Washington, July 12.—Although many denials have been made that government officials intend to permit the Guggenheim interests to control Alaska transportation through a monopoly on the water front of Controller bay in that territory the administration has decided to let congress reach its own conclusions and every scrap of information relating to the matter will be sent to the senate as soon as possible.

While President Taft and the members of his cabinet have voiced the opinion that an investigation will show nothing even remotely resembling such an attempt to favor the Guggenheim interests—an attempt in which the names of C. P. Taft, the president's brother, and former Secretary of the Interior Ballinger have been coupled—they are determined that every effort shall be made to clear the situation.

FAMOUS ATHLETE IS DEAD

Merritt Giffin, Former Champion Discus Thrower, Dies.

Joliet, Ill., July 12.—Merritt Giffin, former national champion discus thrower and who took second at the Olympic games in London in 1908, died here from injuries received in a runaway two weeks ago. His London record was 132 feet 6½ inches. In the fall of 1908, while attending the University of Illinois at Champaign, Giffin hurled the discus 155 feet 10½ inches, although the record was not deemed official. Giffin was an evangelist.

OPPOSES RECALL OF JUDGES

Senator Sutherland Scores Provision in Arizona Constitution.

Washington, July 12.—To an "amiable band of insurgents and soothsayers" all efforts in behalf of the initiative, referendum and recall provisions of the Arizona constitution were traced by Senator Sutherland of Utah. He addressed the senate in opposition to the approval of that instrument. He was especially severe in his denunciation of the inclusion of the members of the judiciary in the recall.

A Clear Case.

"So you think Mars must be inhabited?"
"Yassuh," replied Uncle Rasberry.
"Dar ain't no doubt of it. An' what's mo', dem 'habitants is culled folks. All dem canals wouldn't be no good wifout canaboots, an' canaboots wouldn't be no good wifout mules, an' dar ain't no o' troyd to run any kin' o' mule business wifout de help o' culled folks."

LOCAL NEWS NOTES

William Quinn went to Motley this afternoon.

Mrs. R. Buchman left today for Mt. Clemens, Mich.

George Russell, of Merrifield, is in the city on business.

Mrs. S. B. Cameron and son returned to Sylvan today.

Ostermoor mattresses, at D. M. Clark & Co. 71f

R. C. Mills, the Ironton surveyor, went to Little Falls this afternoon.

Judge M. L. Hanft, of Minneapolis, arrived in the city today on his way to the north for an outing.

The weather report reads: "Fair tonight and Thursday. No important change in temperature."

Store your stoves and household goods with D. M. Clark & Co. 71f

Father Lamey came from Pine River today where he held services and returned to his home at St. Mathias.

Mrs. Bernard Wyrzykowski and daughter arrived today from Minneapolis, to visit her mother, Mrs. P. W. Bidwell.

Lawn hose and lawn mowers, at D. M. Clark & Co's. 71f

Miss Alice C. Warrington, a principal of Minneapolis high school and a friend of Mrs. Bertha Theviot, passed through the city today on her way to Sandy Lake to spend her vacation.

"Salvator," natural process Malt beer, Jacob Schmidt Brewing Co., in pints, brown bottles. Coates Liquor Co. Telephone 164. 294-1mo

Mr. and Mrs. E. L. Orth are enjoying an outing at Merrifield. Mr. Orth has a little longer route to travel to and from his work but it's worth the change being out in the country.

Miss Myldred Winters, of Minneapolis, is spending a short vacation with her parents, Mr. and Mrs. W. W. Winter. Miss Johnson, of Minneapolis, came with her and is visiting her.

Anything you want in the sporting goods line you can get it at King's. Look at his fishing tackle. All the latest hooks at King's, Iron Exchange. 121f

Miss Elen Peterson, Miss Anna Hagberg, Mr. and Mrs. Robert Cromwell and M. F. Corrigan have returned from Upsala where they visited Carl Peterson and family and spent the Fourth.

The Christian Endeavor society of the First Presbyterian church will give a hayrack ride on Thursday evening, leaving the church at 7:30 P. M. Lunch will be served at the poor farm. A charge of 25 cents will be made and everybody is cordially invited to attend.

If you are fatigued, try a bottle of Old Pilsener style lager beer, it is invigorating and refreshing. Order a case from the Brainerd Brewing Co., Phone 213. 3041f

W. R. Bergemann, editor of the Pillager Herald, was in the city today attending to business matters. He says Pillager is one of the most enterprising villages in the state and that it takes every page of the Herald in order to tell all about the various happenings there.

Charles E. Jacobson, the mayor of Pillager, was in Brainerd today and said that crops around his ballwick were looking the best he had ever known them to be. The scare about cut worms has subsided. "Business is good in Pillager and with a little extra effort on the part of Pillager citizens we expect to grow larger than the town of Motley to the west of us." Mr. Johnson runs a sawmill and was at Walker about business in his line of work.

Dr. and Mrs. Walter Courtney, Miss Hildegarde Courtney and Miss Geraldine Fleming have returned from an automobile tour to Itasca park near Itasca lake. The route chosen was from Brainerd to Staples, thence to Wadena, Park Rapids and the park. From Staples out they were accompanied by Dr. and Mrs. Allen whose car acted as a pathfinder. The party enjoyed a pleasant time inspecting the beautiful scenery of the park and sojourned at Douglas lodge. Earl Dennis was the chauffeur for Dr. Courtney and said the mileage made was 110 miles.

Derivation of Gibraltar.
In 711 A. D. the Arabs crossed the narrow strait of Gibraltar and established themselves around the famous rock whose name is derived from their leader. Field Marshal Tarik was one of the leaders of the Arab invasion of Spain. Gebel is an Arabic word meaning mountain. The great rock, which is by far the most conspicuous object along the shores of the strait, was accordingly named after Tarik, Gebel el Tarik, or the mountain of Tarik. It is easy to see how this name became changed into its present form, Gibraltar.

How Well He Knew.
In school a boy was asked this question in physics: "What is the difference between lightning and electricity?"
And he answered, "Well, you don't have to pay for lightning."—Ladies Home Journal.

SELLS HARNESS BUSINESS

J. A. Wilson Disposes of His Store to Zierke & Welch and Will Travel For Heating Firm

Former County Superintendent J. A. Wilson has disposed of his harness business on South Sixth street to Zierke & Welch and has taken a position as a representative of the Waterman & Waterbury School Heating & Ventilating Co. with Crow Wing county as his first territory.

The state has made country schools a very liberal offer in the way of assistance in installing proper ventilating and heating devices and this has stimulated these schools to introduce the needed reforms. Mr. Wilson reports very flattering success in this county, having made three sales in four days and his many friends wish him success in his new venture.

The Tiny Electron.

A striking description of that inconceivably minute particle the electron, which within recent years has de-throned the atom as the ultimate component of matter, was given by President E. F. Nichols. "Its behavior," he said, "is that of an atom of negative electricity pure and simple. Its form is spherical and not spheroidal. Its size is probably less than one ten-million-millionth of an inch. When revolving briskly enough in an orbit within the atom it gives us colored light of highest purity. When violently jostling irregularly about it gives us white light. Without the electron all light would be impossible.—Ex change.

WHO OWNS BAND STAND?

Railway, it is Said, Denies Ownership and the City is Also Said Not to Own It

"Who owns the band stand in the depot park?" This is a question which is agitating the minds of many Brainerd people. A prominent lady of this city said she saw Chief Clerk Kyle at St. Paul and was informed that the Northern Pacific railway did not own the structure. The city was about to repair it when, it is said, they were advised that the city did not own the relic.

It may be necessary to consult some of the oldest inhabitants of Brainerd or insert a "lost ad" to see who really owns the stand.

Wild Geese Are Monogamists.

Poetic license was indulged in by the author who wrote "No goose so gray but some time, soon or late, she'll find a courtly gander for a mate." The fact is wild geese are monogamists, and a gander that has lost his mate becomes an odd one, or, in other words a lonesome old fellow forever. Sometimes, but not frequently, a goose that has lost her gander mate will mate again, but it is not common among wild geese. The rule does not hold, however, among the domestic fowl.—National Magazine.

Wants Recall Eliminated.

Washington, July 12.—Fresh from a conference with President Taft, Chairman Smith of the senate territories committee gave notice of an amendment to eliminate the judiciary recall provision in the Arizona constitution and said that if the resolution is adopted as it passed the house it would be vetoed.

Wire Men Plead Not Guilty.

New York, July 11.—The eighty three wire manufacturers indicted June 29 under the anti-trust law on charges of restraining trade in wire products began their fight against the government by entering pleas of not guilty and securing a delay until Sept. 1, to enable them to file demurrers.

The Oldest Newspaper.

The Tsing Pao, or Pekin News, is the oldest newspaper in the world, having been issued regularly for nearly 1,400 years. Its circulation is about 10,000. The extreme care necessary in publishing this paper is shown by the fact that until recent years the punishment for an error in printing was instant death. Another Chinese newspaper, the Kin Pan, is 1,000 years old.

Little Things to Teach Small Boys.

Otherwise well bred boys are often lacking in many of the small niceties of conduct and manner solely because these have never been called to their attention. For instance, the boy is taught, as a matter of course, to be kind to the helpless and unfortunate and that it is unmanly to ridicule the maimed or misshapen or those who are otherwise abnormal in appearance. He is seldom taught that his curious, shocked gaze may wound the sensibilities of those whom nature or accident has made hideous.—Harper's Bazar.

A Monastery Fortress.

The most strongly fortified monastery in the world is at Solovetsk, in Archangel, Russia. This monastery is inclosed on every side by a wall of granite bowlders and is nearly a mile in circumference. The monastery itself is very strongly fortified, being supported by round and square towers about thirty feet high, with walls twenty feet thick.

Graceful Correction.

"Our literary contributor," says the editor of the Spiketown Blizzard, "is kicking because we printed it 'Throne of Candor' last week when he wrote it 'Thane of Cawdor.' If he wants to use obscure language like that he's got to write it plain enough so anybody can read the words without having to guess at them. We done the best we could with it."—Chicago Tribune.

Kidney Diseases are Curable

under certain conditions. The right medicine must be taken before the disease has progressed too far. Mr. Perry A. Pitman, Dale, Tex., says: "I was down in bed for four months with kidney and bladder trouble and gall stones. One bottle of Foley's Kidney Remedy cured me well and sound." Ask for it. For sale by all druggists. mwf

NEW MINING CORPORATION

H. H. Baker and C. H. Mills, of this City and E. E. McDonald, Organize a Company

CAPITAL STOCK IS \$15,000

Baker Mining Co. Will Buy and Sell, Work and Mine Mineral Lands on Cuyuna Range

A new corporation known as the Baker Mining Co. has been formed for the purpose of buying, selling or dealing in mineral lands and working or mining such mineral lands and such other business as may be incidental thereto.

The incorporators of the company are H. H. Baker and C. H. Mills, of Brainerd, and E. E. McDonald, of Bemidji. The company is capitalized at \$15,000 divided into 150 shares of \$100 each. The highest amount of indebtedness or liability to which the company shall be subject shall be \$10,000. The period of the duration of the corporation shall be 30 years from the first day of December, 1910.

The following are the first officers of the mining company:

President—H. H. Baker.
Vice President—E. E. McDonald.
Treasurer—H. H. Baker.
Secretary—C. H. Mills.

Lands have been purchased on the north and south ranges of the Cuyuna range and the company, it is said, will work energetically proving up properties near Brainerd and thus patriotically do its share towards developing and increasing the commercial supremacy of the city of Brainerd.

Honest Medicines Versus Fakes

President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Kidney Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains today its pre-eminence above all other preparations of its kind. Foley Kidney Pills are equally effective and meritorious. For sale by all druggists.

mwf

Notice

I have this 11th day of July, 1911, sold my harness and horse goods business to Zierke & Welsh. All who owe me on account are requested to call this week at the Busy Bee Shoe shop, 321 South Sixth street settle accounts and get receipts.

J. A. WILSON.

THISTLES FLOURISHING

N. M. Paine Brought Luxuriant Specimen to the Dispatch and Wants Pest Exterminated

N. M. Paine came to the Dispatch office this morning with a luxuriant specimen of the thistles which are flourishing in various places in town. The hardy and persistent growth of this pest of weeds is worthy a better cause and if this single quality could only be grafted on a worthy cereal it would make the fortune of a horticulturist.

"The thistles should be exterminated," said Mr. Paine. "They are spreading over a continually wider area and are a nuisance and it doesn't look well for any city to tolerate them within its confines."

Those Who Take Foley Kidney Pills For their kidney and bladder ailments, and for annoying urinary irregularities are always grateful, both for the quick and permanent relief they afford, and for their tonic and strengthening effect as well. Try Foley Kidney Pills. For sale by all druggists.

J. H. NOBLE, 716 FRONT ST.
Opposite Freight Depot Phone 250

CHANGE THEIR NAME

The Brainerd Brewsters Will Hereafter be Known as the Brainerd City Team

The Brainerd Brewsters, realizing that the old name was not distinctive enough, have changed their cognomen to that of the Brainerd City team and will henceforth be known by that new designation.

The coming two games with the girls team is creating much interest and no end of inquiries. After considerable work the two married men on the Brainerd team are said to have received written permission from their respective homes that they could play. Any man found napping on the bases will be fined \$10. Bashful Kalland will probably do the pitching. It is said every man wants to play a base position and no one wants to go out into the field. Miss Marjorie O'Neill, who plays right garden, is said to wear a cunning little veil so that the sun won't interfere when she is catching flies.

DESTRUCTIVE FIRES IN MICHIGAN

Special to The Dispatch:—

Detroit, Mich., July 12, 1911—The destruction yesterday of the Twin villages of Au Sable and Oscoda and a \$500,000 fire at Alpena which were not due to forest fires, probably caused the exaggerated reports of heavy damage and possible loss of life from forest fires in the northern counties of the southern peninsula of Michigan. Towns along the Detroit and Mackinac railroad from Posen in Presque Island county to Onaway, in Cheboygan, suffered considerable damage but many towns that were last night reported burning are today reported safe. These include Lewiston, Turner and Alger.

Hay Fever and Summer Colds

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with hay fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. For sale by all druggists.

CIRCUS, AUGUST 5

Great Sells-Floto Circus Will Exhibit in Brainerd Giving Two Performances

William Haines, agent of the great Sells-Floto circus, is a visitor in town today.

Mr. Haines states that this popular circus will be in Brainerd on Saturday, August 5th, and while here devoted himself to making contracts for supplies and doing the hundred and one things necessary in order to smooth the path for such an immense attraction as he represents.

That the Sells-Floto circus will be more magnificent in every way, larger and better equipped, is an assured fact, because the list of attractions given by him presents one of the most remarkable bills ever seen under a big tent.

The Sells-Floto tent this year has been greatly enlarged and will be capable of seating comfortably 10,000 people.

The price of admission will be 25 cents or half that usually charged by all the big shows. This policy of popular prices commenced by the management of the Sells-Floto circus last year was so successful that it will be continued. This is probably the most remarkable offer ever made in the history of amusements. It is hard to imagine how the Sells-Floto people can make it pay, but the fact that they still adhere to the innovation is the best answer.

The usual parade will be given here on the morning of the performance at 10 o'clock. This will be the best method of judging concerning the merit of the entertainment that is to follow.

I. O. G. T. ENTERTAINMENT

To Be Given Thursday Evening at 8 P. M. at Scandia Hall in Southeast Brainerd

The Carl XII lodge of the I. O. G. T. will give a program of literary and musical numbers at Scandia hall above the co-operative store in Southeast Brainerd on Thursday evening July 13, and every one is cordially invited. After the program there will be games and a good sociable time. The program is:

1. Cornet solo—Chris Elvig
2. Violin solo—Jennie Zakariassen
3. Recitation—Mrs. A. F. Sorenson
4. Address—Rev. W. J. Lowrie
5. Song—Mrs. Louise Fraser
6. Recitation—Miss Bergelet West
7. Song—John Bey
8. Cornet solo—Chris Elvig

ENJOY AN OUTING AT OUTING TOWN

Cass and Crow Wing Old settlers will Hold Annual Picnic at Outing on

CROOKED LAKE JULY 20-22

Pine River Band to Play—Program of Sports—Address by Rev. Charles Fox Davis

What is more appropriate than an outing at Outing when the annual picnic of the Cass and Crow Wing counties old settlers is held on Crooked lake Thursday, Friday and Saturday, July 20, 21 and 22.

Among the features already arranged for, as mentioned in the literature circulated describing the jollification, is a monster parade, two ball games, trap shooting, log rolling contest, a high dive and a big list of smaller attractions.

There will be dancing every night and the Pine River band of 18 pieces will discourse music. Among the great features will be an agricultural speech by Rev. Charles Fox Davis, pastor of the First Methodist church of this city. Rev. Davis has made many addresses on a multitude of subjects ranging from after dinner speeches to Fourth of July orations, but old settlers say that in this address which the committee has termed an "agricultural speech" he will garner and reveal his brightest flashes of wit and humor, philosophy and eloquence.

A game of football has been arranged, something new for 100 degrees in the shade weather. It will be played providing the contestants do not kick too much about the weather. And as a last drawing card we have a "human piling race" guaranteed to be the "realist" human race of the kind ever held.

People are urged to bring their tents and stay a while and enjoy themselves to the limit. A "glad hand" of metaphorically huge dimensions awaits them.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is not cured by local applications, but by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

CHASED BY BOB CAT

W. L. Kelly Does a Marathon Stunt Escaping a Supposed Wild Animal in the Brush

Fred Eckholm and W. L. Kelly, while out berry picking two or three days ago, heard a strange hissing and growling noise issuing from a thicket near by.

"Bob cats," yelled Kelly and started on the run for town, leaving Eckholm in the lurch. As he was disappearing in the distance an old tabby cat came out of the brush and walked up to Eckholm who was left behind.

Farmers who passed the speeding Kelly estimated his speed at 36 miles per hour and thought it was one of these Marathon fellows doing a cross country little stunt.

Foley's Honey and Tar Compound

Is effective for coughs and colds in either children or grown persons. No opiates, no harmful drugs. In the yellow package. Refuse substitutes. For sale by all druggists.

MRS. OPSAHL SERIOUSLY ILL

Prominent South Side Lady Operated on for Appendicitis Gradually Regaining Health

Last Friday noon Mrs. A. M. Opsahl, a prominent South Side matron, was suddenly taken with a severe attack of appendicitis. Doctors were hurriedly summoned and Saturday she was removed to St. Joseph's hospital where an operation was performed.

A change for the better has now set in and she is gradually recovering from the effects of the operation and regaining her strength.

REST AND HEALTH TO MOTHER AND CHILD.

Mrs. WINSLOW'S SOOTHING SYRUP has been used for over SIXTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN WHILE TEething, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN; CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely harmless. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

Canal Diggers Break Record.

Washington, July 12.—Despite the difficulties of the work the diggers on the Panama canal are more than keeping up their record. Last month they took out 2,646,442 cubic yards of earth and rock, which exceeded by just 75,850 yards the total excavation in May.

No Such Thing.

Maude—We had private theatricals last evening. They went off first rate, only the folks would laugh in the wrong place. Uncle Henry—There is no such thing, Maude, as laughing in the wrong place in private theatricals.—Boston Transcript.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners Meeting Held July 10th, 1911

Meeting called to order at 10 o'clock a. m.

All members present. Minutes of the last meeting read and approved.

A motion was made and carried to continue the hearing in the matter of a new school district at fronton until the regular meeting August 1st.

A letter from the state forester was read urging that all waste material and brush be burned along highways which are being opened up. A motion was made and carried with and the auditor was instructed to notify all town boards in the county of this ruling.

Petition of Erick Wicklund and others for a new road beginning at a point on state highway No. 3 on the section line between Sec. 11 and 14, Township 134, range 28, and running thence west on section line between section 11 and 14, 19 and 15 and 9 and 16 to the shore of Long lake, was presented to the board. Upon motion the petition was accepted and a hearing ordered before the board on Tuesday, September 7th, 1911, at 2 o'clock p. m. and Commissioners Kreck and Poppenberg were appointed a committee to view the proposed route on July 11th, 1911.

Mike Setula appeared on behalf of Carl Maki, an employee of the N. P. railway, who had just been discharged from the N. P. hospital and wished to have help to get back to his home in Finland. The county attorney was instructed to take the matter up with the railway company to see if a pass might be procured to New York.

The bond of Geo. Adcock in the sum of \$500.00 covering his contract on state road No. 3 with Harvey Drake and James Drake, as sureties, was read and approved.

Final acceptance of engineer on the Thesis bridge in Daggett Brook was read and approved and the Security Bridge Company ordered to be paid the balance due.

The application of John D. Gile for a liquor license at Barrows was next taken up. A petition signed by 44 names objecting to granting this license or any license in Crow Wing township was read, also a petition signed by 55 names favoring the license. Commissioner Keinow moved to grant the license. The ayes and nays being called resulted in a vote of two in favor and two against, Commissioner Edquist not voting and the motion was declared lost.

A petition was read from the settlers in Baxter asking that a state highway be designated through their town on the north side of the railway, this making two routes suggested. A motion was made and carried to send the county surveyor to look over both routes and make report at the next meeting.

Board adjourned until 2 o'clock p. m.

All members present. Commissioner Edquist reported in favor of proposed new road asked for by Henry Goldsberry and others in township 135 and 136 and range 27, and upon motion the petition was accepted and a hearing ordered before the board Tuesday, September 5th, at two o'clock p. m. Commissioner Edquist was appointed a committee to view the proposed route on Friday, August 4th, 1911.

Three bids were opened for surfacing state highway No. 3 on the road to Merrifield, and upon motion the work was let to Howard Spencer for \$530.00, he being the lowest bidder, the work to be completed by October 1st, 1911.

One bid was received for the mile of highway on state road No. 2, section 25, town of Oak Lawn, that of Thomas & Anderson in the sum of \$600.00 and the work was accordingly let to them at that figure. They also submitted a bid of \$1,100.00 for widening out the two miles of grade in Nokay Lake town. This bid was considered too high and was rejected, and the auditor was directed to re-advertise for the work to be let by a committee July 25th at eight o'clock p. m. Commissioners Kreck and Poppenberg were appointed to act with the chairman as such committee.

C. H. Balaw, John Wunderlich, Sam Brand and others, from Roosevelt town, entered complaint for closing the town line road between Maple Grove and Garrison. The board determined to examine into this matter and Wednesday, July 19th, was appointed as a time to look over the road.

The plat of West Park addition to Crosby was presented and duly approved by the board. Also subdivision of the SE 1/4 of SE 1/4 Sec. 13, Twp. 46, Rge. 29. Corrected plat of Pine Grove was received and ordered placed on file, the original plat of the same ground having been vacated by the court.

Upon motion the sum of \$250.00 was set aside from the general revenue fund to pay postage and expressage for county officers.

The county auditor presented a report of balances in county funds and estimates of amounts needed for next year, whereupon Commissioner Keinow introduced a resolution to levy the following sums:

Revenue fund \$27,000.00
Bond interest 10,000.00

"MICHAEL'S"

"MICHAEL'S"

Road and bridge fund. 10,000.00
Poor fund. 2,000.00
Sinking fund. 3,000.00
Special road and bridge fund to build Mississippi river bridge at the dam in Brainerd. 5,000.00

which resolution being seconded by Commissioner Kreck was put to a vote and duly carried.

Upon motion the auditor was instructed to advertise for bids for a steel or concrete structure for said bridge at the dam, bidders to furnish their own plans.

The sheriff submitted a list of uncollected personal property taxes and citations were ordered against the following persons and firms:

Catherine Bone, J. F. Hawkins, F. A. Moerke, E. R. Jones, Brainerd Arena, Chas. Stanley, G. A. and N. J. McKinley, Charles Schruhl, J. F. Elkins, M. K. Swartz, Frank Miller, A. L. Erickson, J. A. McLellan, E. B. Burleigh, W. H. Jenkins, John Gilmer, James Smith, Nels Ritali, Unique theatre, C. W. Devlin, John W. Welton and W. R. Moore.

The following appropriations were made to help build roads and bridges \$300.00 to Pelican town for bridge across Pelican Creek between sections 1 and 2; \$150.00 each to Maple Grove and Long Lake to open up town line road between sections 7 and 12.

It was reported that the Mitchell lake bridge in Allen town was out of repair and the county surveyor was instructed to inspect the bridge and submit plans for a new structure.

Board adjourned until 7:30 o'clock p. m.

All members present. The following list of names were selected and certified to the court for grand jurors, to fill the panel for those drawn at the May term:

OLYMPIA CANDY KITCHEN

Popular Confectioners Carry Large Line of Fine Fruit and Report Increasing Trade

The Olympia Candy Kitchen is making a specialty these days of a fine line of fruits and their display of luscious apples, peaches, pears, bananas, cherries and other fruit is enough to induce a purchaser to buy right on the spot. They have also installed an electric ice cream freezer with which they make all the ice cream they retail or wholesale and the sales have been very good, stimulated by the abnormally hot weather the country is experiencing.

YOU CANNOT JOCKEY A HORSE

with poor feed. He knows its quality as well if not better than you do. Give him some of our feed and grain and see how he will go into it. See him pick up in condition, too, after you have fed him with it a few days. Good feeding pays, and the use of our feed and grain will prove it.

JOHN LARSON

Water Cooler

A Hot Weather Necessity

These water coolers come in 3, 4 and 6 gallon sizes with Nickel Plated faucets, ranging in price from \$2.75 to \$3.50.

We have also the regular 5 gallon stone water jar with faucet for \$1.30.

Slipp-Gruenhagen Co.

Mrs. Housewife

Forget
your prejudice
for just one
baking

Lay aside your favorite baking powder for just once. Forget for a day that it is "the kind mother used." Dispense with the idea that there is "nothing else just as good." It may have served you admirably for years. But just remember, other things have improved since grandmother's time. So why not baking powder?

Get from your grocer today a can of Calumet Baking Powder. Bake a batch of biscuits, a cake or your favorite pastry. If the baking does not come out just as good, or better, than usual. If it is not as light, sweet and delicious. If it does not prove up to your high standard in every respect, providing of course you have in every other way exercised your usual methods, take the can of Calumet back to the grocer and get your money. This is our first step in making friends for Calumet. The continued good results, the purity, the economy in both cost and use will hold them.

Received Highest Award World's Pure
Food Exposition, Chicago, 1907

CALUMET
BAKING POWDER

The "Bad News" Bell at Lloyd's.
The bell of the British frigate *Lutine*, which sank off the Dutch coast in 1799 with a cargo of coin and specie valued at \$6,000,000, is the "bad news" bell at Lloyd's. Whenever news is received that a ship is overdue or when definite news comes of the loss of a ship the bell is rung by the "caller." At its tolling all transactions are suspended until the news is heralded is read.

Chinamen For Sailors.
Chinamen or Lascars are said to be preferred by some captains to Britishers or Americans for sailors, not because they will work for lower wages, but because they do not forcibly resist physical ill treatment.

MEETING TROUBLE.

Our veiled and terrible guest (trouble) bungs for us, if we will accept it, the boon of fortitude, patience, self control, wisdom, sympathy, faith. If we reject that then we find in our hands the other gift—cowardice, weakness, isolation, despair.—G. S. Mernan.

A Cinch.

"Harold never has told me what he paid for the engagement ring."
"Well?"
"I'd like to know."
"What do you want to bother him for? It's a cinch he paid all he had."
—Louisville Courier-Journal.

BABY'S BOWELS

Here's the cause of all the trouble. Children's sickness begins with the bowels. Healthy bowels mean a healthy child; irregular bowels, constipation, the wrong color, and you have a sickly child. Kickapoo Worm Killer is the best liver regulator, bowel cleanser and purgative, and the finest tonic for children. Try it and you will know that this is so. Price, 25c. sold by druggists everywhere.

The Daring Little Humming Bird.
Courage has little or no relation to bodily size. The humming bird is the smallest of birds, not one of the most fearless and pugnacious. He attacks kingbirds and hawks, and those tyrannical creatures, though of monstrous size in comparison, seem not at all ashamed to fly from his onsets. The fights of humming birds among themselves are often fierce and protracted.

STRAIN TOO GREAT

Hundreds of Brainerd Readers Find
Daily Toil a Burden

The hustle and worry of business men,
The hard work and stooping of workmen,
The women's household cares,
Are too great a strain on the kidneys.

Backache, headache, sideache,
Kidney troubles, urinary troubles follow.

Read the following, and learn the cure:
William Wick, of West Brainerd, Minn., says: "I can strongly recommend Doan's Kidney Pills which I procured at a local drug store. They cured me of pain in my back that was so bad at times that I could not get up after sitting. My confidence in the curative powers of Doan's Kidney Pills is very great, for they disposed of my trouble after I had taken other remedies to no avail."

For sale by all dealers. Price 50c.
Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

A FEAST IN SAMOA

Develops Into a Conglomerated
Scramble For Food.

A SCENE OF WILD DISORDER.

The Native Guests Steal All the Eatables Within Reach, Which They Pass Over to Crowds of Waiting Relatives Gathered on the Outside.

The principal native foods of Samoa are bananas, breadfruit, taro, fish and pork. Bananas prepared "Fa Samoa" would not appeal very strongly to an epicurean taste, for they are gathered unripe and baked under heated stones, as all Samoan cooking is accomplished. A baked green banana favors somewhat a roasted chestnut, but not enough to cause any mistake between the two.

The breadfruit, in my estimation, appeals more strongly to a white man's taste than any other Samoan food. The large, mealy balls are baked, broken open and eaten, usually with one or other of the two Samoan sauces palusami and falai. Palusami is made from the young shoots of the taro plant, coconut milk and sea water. Falai is evaporated coconut milk. The milk is poured into a leaf, the ends and edges tied at the top, and it is then baked until the water evaporates, leaving a thick cream, which is very rich and quite palatable. Faro is the root or bulb of a plant which is an exact counterpart of what we call "elephant ear" in the United States and is somewhat like a yam, but inclined to be starchy or shreddy. The inside of a baked faro bulb is very solid and of a bluish tint.

The fish needs no explanation. Pork is the supreme delicacy, according to the Samoan mind, and it is always eaten in a half cooked state. Since a Samoan will sell his birthright for a piece of pig, one-half grown is worth \$30 or \$40 and will always find a market; therefore it is easily seen that pork can be afforded only on holiday occasions. The Samoan method of killing a pig is unique. The animal's feet are tied together, and it is laid upon its back. Then two large, heavy natives place a 2 by 4 scantling across its neck, after which they seat themselves one on each end of the scantling.

As the unfortunate pig is slowly strangled to death his heartless executioners calmly talk politics. The reason for strangulation in putting a hog to death is simply this: A pig is held in such high esteem that it breaks the Samoan heart to see even the blood being wasted. The blood is used in conjunction with the fatty parts of the entrails and when baked forms some kind of pudding. I have never tasted this kind of pudding myself, but a Samoan will tell you that it is simply delicious, and I am willing to take his word for it. Even the cleaned entrails are utilized, and right here in Samoa we can again bring into use the Chicago stockyard phrase that "only the squeal is lost."

I well remember the first and only Samoan feast I ever had the pleasure of attending. I received an invitation one day from a Samoan whose friendship I had formed to attend a feast the following night which he was giving to dedicate his new home. There were several white men present, and about fifty natives. We were arranged in two rows facing each other, sitting cross legged, and in front of each was a small mat on which was a profusion of food, including a tupe (or pigeon), a piece of pork (palusami), taro (breadfruit)—in fact, everything which goes to make a Samoan feast—to be washed down with coconut milk. I had taken two or three mouthfuls of the pigeon when I noticed that there was a ring of natives each with a basket waiting impatiently just outside the house. As I turned to the man on my right for the purpose of asking why these people were assembled outside I sensed a movement in close proximity to my left. Turning quickly around, I was just in time to catch a farewell glimpse of my fine supper being dumped bodily into one of those waiting baskets. I saw at once the reason for that overflow meeting outside. The woman who sat next to me had taken a favorable opportunity when my back was turned to pick up my mat and dispose of my meal to her waiting relative, who had attended the overflow meeting with a basket.

Then ensued a conglomerated scramble, and the feast was turned into a scene of wild disorder as each native strove to outdo his neighbor in securing the most food to send home. The strategy, flank movements and tact that they exhibited under the inspiring grab game so far provoked my comedy bump that I was more than repaid for the loss of my supper in watching their energetic struggles to obtain food gratis.

I was afterward informed that the spectacle I had witnessed was simply the natural course of a Samoan feast, that they always ended the same way and I was indeed fortunate to have secured a taste or so of my pigeon.—Los Angeles Times.

Chemical Misnomers.

"Copperas" is a conspicuous example of chemical misnomers, being sulphate of iron, not copper. Another is "salt of lemon," which has nothing whatever to do with the fruit of the lemon tree, but is potassium binoxalate or potash treated with oxalic acid.

An American Asset.

On the steamer returning home we met an Australian lady who was bringing her son to America to be educated. It was thought strange that she should want the boy brought here for an education, with so many world famous institutions of learning in Europe.

"I want my son to be taught consideration for women," she said simply, and after having observed conditions in several countries on the continent one might well understand the reason for this high opinion of American chivalry.—National Magazine.

Articles of Incorporation of the Baker Mining Company

Know all men by these presents, that we, the undersigned, have and do hereby associate ourselves together for the purpose of forming a corporation under the laws of the State of Minnesota, and to that end do hereby adopt these articles of incorporation.

ARTICLE I.

The name of this corporation shall be the Baker Mining Company, and the general nature of its business shall be buying, selling or dealing in mineral lands and working or mining such mineral lands, and such other business as may be incidental thereto or conveniently connected therewith. The principal place of transacting the business of this company shall be at the city of Brainerd, County of Crow Wing, State of Minnesota.

ARTICLE II.

The period of the duration of this corporation shall be thirty years (30), from the first day of December, 1910.

ARTICLE III.

The names and the places of residence of the incorporators of this company are: C. H. Baker, Brainerd, Minnesota. C. H. Mills, Brainerd, Minnesota. E. E. McDonald, Bemidji, Minnesota.

ARTICLE IV.

The management of this company shall be vested in its board of directors, consisting of three (3) members, who, after the first board of directors, shall be stockholders. The date of the annual meeting of the company or stockholders shall be the first Tuesday after the first Monday of January of each year, commencing with the year 1911, at which time the board of directors shall be elected by the stockholders. The Board of Directors so elected shall, immediately after the meeting of the stockholders, hold an annual meeting of the Board of Directors at which time the Board of Directors shall elect the other officers of the company, consisting of a President, Vice-President, Secretary, Treasurer and, if the Board of Directors so decide, a General Manager. The General Manager and the Treasurer may each also be one of the other officers.

The Board of Directors and the officers shall hold their offices for a period of one (1) year, or until their successors are elected. In case the board of directors are not elected as herein provided, a special meeting of the stockholders or the Board of Directors, as the case may be, may be called for that purpose.

The following named persons shall compose the first Board of Directors and their addresses shall be as follows: H. H. Baker, Brainerd, Minnesota. C. H. Mills, Brainerd, Minnesota. E. E. McDonald, Bemidji, Minnesota. And the following shall be the first officers of the company: President, H. H. Baker. Vice-president, E. E. McDonald. Secretary, C. H. Mills. Treasurer, H. H. Baker.

ARTICLE V.

The amount of capital stock of this company shall be Fifteen Thousand Dollars (\$15,000.00) divided into one hundred and fifty (150) shares of the par value of one hundred dollars (\$100.00) each, which shall be fully paid for at the time of its issuance.

ARTICLE VI.

The highest amount of indebtedness or liability to which this company shall, at any time, be subject shall be ten thousand dollars (\$10,000.00).

In testimony whereof, we have hereunto subscribed our names this 9th day of June, 1911.
H. H. BAKER (Seal)
C. H. MILLS (Seal)
E. E. McDONALD (Seal)

In presence of
GEORGE H. GARDNER
Notary Public, Crow Wing County, Minnesota.
My commission expires August 21, 1913.

State of Minnesota, County of Crow Wing, ss.
Be it known that on this 9th day of June, 1911, personally appeared before me H. H. Baker, to me known to be one of the persons named in and who executed the foregoing articles of incorporation, and that they acknowledged that they executed the same as their free act and deed.

GEORGE H. GARDNER
Notary Public, Crow Wing County, Minnesota.
My commission expires August 21, 1913.

State of Minnesota, County of Beltrami, ss.
Be it known that on this 8th day of June, 1911, personally appeared before me E. E. McDonald and C. H. Mills, to me known to be two of the persons named in and who executed the foregoing articles of incorporation, and that they acknowledged that they executed the same as their free act and deed.

FLORENA A. MARNIER
Notary Public, Beltrami County, Minnesota.
My commission expires Sept. 10, 1917.

State of Minnesota, Department of State, ss.
I hereby certify that the within instrument was filed for record in this office on the 11th day of July, A. D. 1911, at 2 o'clock P. M. and was duly recorded in Book U3 of Incorporations on page 125.

JULIUS A. SCHMIDT,
Secretary of State.

State of Minnesota, County of Crow Wing, ss.
I hereby certify that the within instrument was filed for record this 12th day of July, A. D. 1911 at 9 o'clock A. M., and recorded in Book K of Misc. on page 125.

A. G. TROMMALD,
Register of Deeds.

Not For Her.

A family noted for its internal dissensions stood in such urgent need of a maid that extraordinary privileges were offered to the last girl interviewed, yet notwithstanding these concessions she asked for a day to think it over. In the end she declined to come. "But why?" wailed the distressed mistress. "I offered you everything I promised to treat you like one of the family, yet you won't come." "No," said the girl, "that is why I looked you up and found out how the family are treated."—New York Press
